

# ON ICE ETIQUETTE

- ➔ Right of Way Etiquette
  - 1) skater having solo played has right of way
  - 2) private lesson skater
  - 3) group lesson skater
  - 4) skater not in lessons
- ➔ Spins practiced in middle of ice
- ➔ Jumps performed near end of ice
- ➔ Common respect for all

# ON ICE PRIORITIES

- ➔ A schedule for skills, freeskate and dance will be posted each skating session by the STARskate Pro-Coach and will be followed by all skaters
  - Upon request by a **coach**, dance will be allowed during freeskate and freeskate during dance, but skills will not be allowed during freeskate or dance
  - Coaches requests for music take priority over skaters requests
  - A few bars of the first skater on the solo list's music will be played to signal skaters that freeskates are starting – after that all freeskate music will be played – if a skater is not ready they must either catch up or wave off their music and it will replayed at the end of the solo list if time permits.
- ➔ For safety reasons the number of STARskaters allowed on the ice will be limited to 25
- ➔ Skaters participating in the Advanced Canskate program must have completed Stage 4.
